Spec. Asst. (Admin.) to DD/I Diary

Thursday, January 8, 1953

25X1A9a

1. Advised O & M after discussions with [REDACTED] and Dr. Guthe that it did not appear appropriate nor necessary to include FDD under the proposal for centralized administration and direction of Graphics facilities. FDD has only one individual performing very specialized graphics work.

25X1A9a

2. [REDACTED] advised that the DD/A had approved the proposal for the establishment of separate O/RR T/O and ceiling authorization for the Far East markings operation under the Sr. Repr. Advised O/RR who are proceeding to secure from Personnel the establishment of the six positions in question.

25X1A9a

3. Discussed with [REDACTED] the present policy relative to the submission of name requests for military personnel. He advised that it was appropriate to list the qualifications required and then to indicate the name of an individual who, if available, we believe would fit the qualifications. He stated that the Defense Department looked with favor upon this approach. I advised O/RR accordingly which had a case in question.
